Real Estate Development

Go Greece Real Estate Development stands for a professional team of project management experts, engineers and architects known for their expertise. Our group is built on integrated teamwork and creativity. Indeed, we strive to meet the clients' expectations by providing tailored products of exceptional quality.

If you have a residential project in mind and would like to see it materialized in Greece, you have come to the right place.

Go Greece' main mission is to ensure that modern structures blend smoothly with their surrounding landscape, while ensuring excellent quality and design. We cherish the trust and confidence that our clients have placed in us and we pledge to remain committed to our mission of delivering the best services to each and every customer.

Kato Petralona has this cozy urban neighborhood feeling! It is located between Ano Petralona and Gazi, right in the heart of Athens and can be easily reached by public means of transportation.

Friendly people, cool cafes and taverns create a sense of familiarity, even if you haven't been there before. There's no doubt that Kato Petralona is the new hot spot in Athens!

The verdant scenery of Kato Petralona creates a rural ambience, often hard to find in city centers. This is why it is one of the best places to stay if you want to be very close to Athens city center, yet skip the crowds. Kato Petralona is not about vivid nightlife and clubbing. It is about wine nights with friends, laughs and meeting new cool people!
